

ABC Web

ABC Web is the web application of our ABC software

- **Easy Access**

You can access ABC through any web browser on any computer, tablet or other device. Including Macs and iPads.

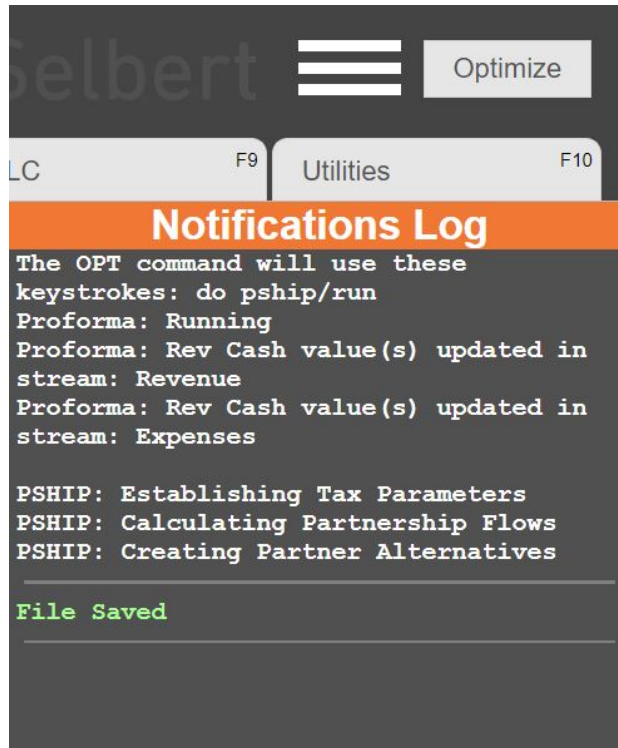

- **Streamlined Windows**

Standard ABC windows are available in ABC Web using four easily accessible tabs: Assumptions, Reports, CALC and Utilities.

- **The Notifications Log**

ABC Web tracks messages, warnings and errors in the Notifications Log.

- **Macro and Report Features**

Run macros and reports from customized lists of favorites and recents. Or choose from installed macros and reports.
